

PAR10-RGBW

10W LED RGBW Spotlight

Item ref: 151.675UK

User Manual

Please read through this manual thoroughly before use, any damage caused by misuse of product will not be covered by warranty.

A compact single LED spotlight, ideal for performances and venues or to use with a mirror ball. Supplied with an easy-to-use remote control which enables you to switch between RGBW solid colours or various colour change options. Fitted with a bright 10W LED the lightweight plastic housing generates virtually no heat and comes fitted with a 1m power lead.

In the box:

Your PAR10-RGBW should arrive with you in a single carton in good condition. The carton should contain 1 x main unit with bracket and thumbscrew, 1x remote control and 1 x user guide.

Warning:

To prevent risk of fire or electric shock, do not expose the unit to rain or damp environments. In the event of a spillage, disconnect the charging lead and allow the unit to dry out naturally. Qualified personnel should then check the unit before continuing use.

Placement:

- Use the included mounting bracket to fix to a stand or lighting truss.
- Keep away from damp or dusty environments.

Remote control:

The PAR10-RGB is supplied with an I.R. remote control for quick access to all functions of the unit. This has a maximum range of approximately 4-5m and must be aimed towards the front of the housing. The Controls and functions are listed on the diagram below:

1. OFF = Lamp off
2. R = Red static
3. G = Green static
4. Gradual = Gradual colour change mode
5. Jump = Colour jump mode
6. Speed – = Decrease speed in auto modes
7. Mode – = Decrease value in manual colour switching (RGBW)
8. On = Lamp on
9. W = White static
10. B = Blue static
11. Breathe = Colour breathe mode
12. Speed + = Increase speed in auto modes
13. Mode + = Increase value in manual colour switching (RGBW)
